

December 23, 2019

Greetings:

Please disregard the 1st Election Ballot you received in the mail.

Those did not have the matching control numbers on the ballots and envelopes.

Any ballots received without the control number on the remitting envelope will not be counted, since they are not the official election materials.

I apologize for any inconvenience this may have caused you to experience.

The deadline for returning the ballots is still January 31, 2020.

**Sincerely,
William A. Johnson, President**
